### **Predevelopment Pool**

The Alaska Mental Health Trust Authority, the Denali Commission, and the Rasmuson Foundation have pooled resources with the assistance of the Foraker Group to collectively respond to facility predevelopment needs within the non-profit sector and with municipal/tribal governments. The goal of this project is to provide organizations with an opportunity to propose a concept for a new facility, renovation or equipment projects and receive feedback from funders about recommended next steps. In some cases, the following may result from participation in the pooled predevelopment project: recommendations, pre-development funding for available technical assistance services, training, business planning, facility planning or assistance with the identification of potential funding sources for the proposed project.

This questionnaire is to assist in information gathering to inform the scope of this project. To participate in our information gathering process, please complete the predevelopment survey posted on the Denali Commission homepage ([www.denali.gov](http://www.denali.gov)) and return it to George Hieronymus at the Foraker Group via fax: (907) 276-5014 or by email at [ghieronymus@forakergroup.org](mailto:ghieronymus@forakergroup.org).

This is a questionnaire and not an application for funding. You may also find this questionnaire on the website of the funders or the Foraker Group.

The **closing date** for this information is **December 7, 2005 at 5pm**.

The Denali Commission, Rasmuson Foundation, the Foraker Group and The Trust thank you for your interest and for responding to this request for information about the predevelopment need in our great state.
